## Law of Ukraine "On state support of investment projects with significant investments"

The law provides financial state support for investment projects with significant investments (hereinafter - the Investment Project) in order to attract investments, create new jobs, stimulate economic development of regions and increase the competitiveness of Ukraine's economy.

The investment project must meet the following requirements:

- the project is implemented in the fields of processing industry, transport industry, education, scientific and scientific-technical fields; health care, art, culture, sports, tourism and resort and recreational sphere;
- creation of 80 new workplaces with salaries of employees, the amount of which exceeds by 15% the amount of the average salary in the relevant area in the region;
- the term of realization of the investment project does not exceed 5 years;
- the amount of investments in investment objects from 20 million euros (during the implementation of the investment project).

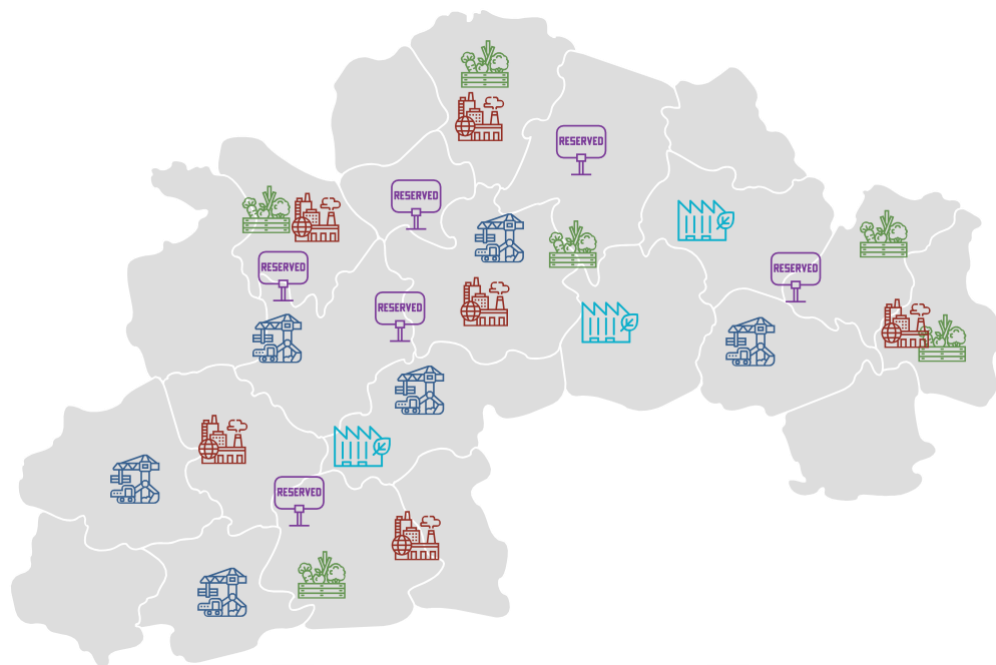

State support for investment projects can be provided to the investor in the following forms:

- **exemption from income tax for 5 years (18%), from VAT (20%) and duties on the import of new equipment;**
- **reduction in the interest rate of rent and land tax, as well as exemption from land tax;**
- **ensuring the preemptive right to use land of state or communal property for the implementation of the investment project - the provision of land for lease and the preemptive right to acquire ownership of land by the investor after the expiration of the special investment agreement;**
- **provision at the expense of state and local budgets, construction, reconstruction, restoration, overhaul of related infrastructure facilities necessary for the implementation of an investment project with significant investments.**

*The total amount of state support for new investment projects can be up to 30% of their volume.*
